

LEE WALTON

Lee has a total of 30 years experience as both a City Manager and City Administrator. Most recently he lent his expertise to the City of Arlington as Interim City Administrator through Prothman. In addition to his many years working in the public sector, Lee has offered his varied experience to consulting projects, including work as an advisor and instructor in both the United States and abroad. His most recent consulting work for Prothman was on an assessment and full organizational review of structure and services for the City of Sultan, WA.
